

A Letter from Our Founders

What a year it's been!

- Recognized by UCLA, UNOS and the American Liver Foundation.
- We continued to provide hundreds of hours of online support groups, free one-on-one counseling sessions.
- Received referrals from across the US- from families, physicians, hospitals and the ALF.
- A major development: We now have advocated directly and successfully for AUD patients in dire need of transfers to transplant centers for emergency evaluation; opinions terminal in outlook became portals to life.
- As we grew, we filled another need- to offer our support and care during times of grief, solitude and regrowth for the families of loved ones who were unfortunate to not reach their hoped for outcome.

We were honored to host our 2nd Annual Transplant Family Picnic in October, where over 90 members of our community attended- including more than 30 liver transplant recipients!

As we take a moment to reflect, the generosity and support of our Donors made it possible for us to expand our reach to serve over 500 patients and loved ones suffering from liver failure across the country, regardless of cause.

Looking forward, it is our sincere hope that we can grow our organization and our programs. Donations sustain our lifesaving work, making an immediate impact on our community. But quite simply, we want to do more.

To do so, the need for a partnership or sponsorship with an organization(s) is an essential goal going forward this year. The need is there, our dedication is clearly evidenced and unwavering. The time is now. Thank you for standing with us and for making a difference in the lives of those we serve.

With Love and Gratitude,
Trent Ford and Natalie Cohen

2024 Impact Snapshot

500+

Patients &
Caregivers served

148

hrs of Online Support
Group Meetings

640

hrs of One-on-One
Counseling

150

hrs of Direct Patient
Advocacy

Only the Phoenix rises and does not descend. And everything changes. And nothing is truly lost.

-Neil Gaiman, The Sandman

Testimonials

"RELIVE was a tremendous help to my Caregiver during my transplant journey.. once I left the hospital, I received a direct call from RELIVE. I could not imagine navigating this new life without the love and support of RELIVE." -Post-Transplant Patient

"I feel the most vital part is not feeling so alone. It feels like someone is there with you all the time." -Pre-Transplant Patient

"The healing does not end when you are discharged from the hospital. RELIVE provided a seamless transition. My first RELIVE meeting completely changed my outlook during the beginning stages of my recovery." -Pre-Transplant Patient

"RELIVE was crucial during a time when it would have been easy to lose hope. They provided the missing pieces of spirituality, hope, community and understanding that we were so desperately needing." -Caregiver

"Before being in groups and one-on-one (counseling), I felt like I was the only one dealing with these kinds of issues. RELIVE has brought me out of the dark and into the light. My forever family." -Post-Transplant Patient

"Both meetings I attend almost always. They are very helpful and informative. I feel a sense of second family and look forward to attending." -Pre-Transplant Patient

"As a caregiver, the RELIVE group meetings were and are a godsend. RELIVE helped me deal with the overwhelming "emotional roller coaster". RELIVE then helped with the long process of our loved one getting the transplant and the arduous journey of post-surgery recovery." -Caregiver

Programs

Details

Outcome

Online Support Groups

-Liver Transplant biweekly: 3+ hrs due to demand!
-Transplant AUD/SUD Hybrid weekly: 1 hr- only such independent US group.
-Caregiver biweekly: Coming in 2025.

- Average 20+ attendees per meeting.
- 85% return rate.
- 90+% believe in its benefits as essential.

- 90%+ believe it is vital to their recovery from transplant, mental & overall health.

Dedicated Helpline, Website & Patient Advocacy

-Calls answered 24/7/365.
-Address liver failure due to AUD and SUD directly.
-Advocate for AUD patients in need of emergency transplant evaluation.

- 100% calls & emails answered within 8 hrs, 82% answered immediately.
- Hundreds of site visitors from all over the world each month.

We can't do this without your Support.

Our lifesaving work is possible because of our Donors-
Not just your donation.

Your Love, Care and Understanding:

The very wind in our sails.

To all our lovely Donors and
Supporters-

Thank You!

With some of our dear community members at our 2nd Annual Transplant Family Picnic on October 12th, 2024! Over 90 people attended, including more than 30 liver transplant recipients.
